

## Homework Grid - Year 5

## Autumn Term

Below is a grid of curriculum- based tasks to complete over the next term. We do not expect them to all be completed, but we would like to see at least 5 done by the end of this half term. If you create any videos, please send them to the class teacher via dojo.

|   |   |  |
|---|---|--|
| <p><b>History</b><br/>           Research the Vikings, using online resources and books<br/>           Who were they?<br/>           Where did they come from?<br/>           Why did they choose England to settle?</p>              | <p><b>Computing</b><br/>           Create a presentation, poster or leaflet telling other children about the importance of online safety.</p>   | <p><b>PSHRE / Values</b><br/>           Teamwork - this is our value this term. Explain what this means to you and how you show / use it to improve your life. Think about home, school and when out and about with friends and family.</p>  |
| <p><b>Geography</b><br/>           Create a mountain fact file - include mountains from the UK and around the world<br/>           Use a map to help you.</p>   | <p><b>English</b><br/>           Imagine you are a Viking!<br/>           Write a story about your adventures - how you got to England, who did you meet, where there any problems, how did you solve them..</p>      | <p><b>Design Technology</b><br/>           Design and make a Viking catapult.</p>   |
| <p><b>Maths</b><br/>           Weekly Maths homework to be completed and returned.<br/>           Keep practising your times tables up to x12</p>  | <p><b>Spanish</b><br/>           Teach your family some Spanish about pets and animals.<br/>           ¿Tienes una mascota?</p>  | <p><b>Science</b><br/>           What do you know about forces?<br/>           Carry out some investigations at home to find out more about gravity, air resistance and water resistance.<br/>           Report what you have found out.</p> |
