

## CURRICULUM OVERVIEW TERM 1 Topics:

In year 1 our topic for this term is Memories. Memories of the children and staff. This will be taught in History where we are discussing events from the past. In Science, we will be learning about our body and the children will discover the differences between country-side and city in Geography!

### Guided Reading Texts:

In term one, as part of the memories topic, part of our Literacy lessons will be spent reading and writing about Elfa and his box of Memories.

### Events and fundraising

Our next fundraising event will be on the 4th October for our GRANDPARENTS DAY. Details to follow.

### Reading & Bug Club:

We will be sending reading books home each day and ask that you try to read with your child 3 times a week to help develop their decoding and blending skills. Your child may also use Bug Club which they have an individual login for.

## Homework

You will receive a grid of curriculum- based tasks to complete over the next term. This is linked closely to our current topics. These can be completed on paper or in a more creative, fun way.

### Bug club.

#### Purple mash

Each child in YR1 has their own login. These will follow soon as they are still being processed. On this program, the YR1 teachers put games and activities relevant to the curriculum. These games and activities can be accessed at home for rewards.

As with Purple Mash, the children have a login for this website. Teachers will upload interactive books for children at a level that suits each child and changed as they progress with their reading and comprehension skills. These books can be accessed individually or with a grown up or sibling.
